What's new at Metro?

Metro Continuing Education Switches to New Registration System

We are pleased to announce the launching of Metro's new online registration system. As of November 2, 2009, Metro has extended its registration capabilities to include a faster, more efficient system. Students can access online registration by linking to the current Metro website at metrocontinuingeducation.ca or directly to the registration system at edmonton.augusoft.net

In addition to providing student registration, this new online system promises to post the most current course information and dates while providing students with access to 24/7 online registration. Students will be given the opportunity to create student profiles which will allow them to receive email reminders for class starting dates, as well as provide them with access to their financial transactions. We look forward to serving you better with this new system and hope your experience is a positive one. If you have any questions please call our customer service representatives at 780.428.1111.
