metro continuing education

Spring is just around the corner and Metro has hundreds of spring courses starting soon!

Get your home and garden ready for spring with these great classes:

[Mosaic Table Top \(44030020\)](#)

Discover the endless possibilities that mosaics offer by creating a glass mosaic table top or wall hanging. Learn to cut and grind for shape, adhere the glass to your board, and grout and finish your piece. Choose from one of our pattern ideas or create your own. Your finished piece will be approximately 16" X 16".

Starts: April 7, 2010

[View all Art courses](#)

[Renovating Mature Landscapes \(44080007\)](#)

Transform your yard from an overgrown mass of foliage or "blandscape" into a stunning oasis. Learn the steps needed for assessing bed layout choice, reinstalling hardscape materials as well as special feature plants and lawn irrigation. Tools and plant care will also be discussed.

Starts: April 10, 2010

[View all Gardening & Landscaping courses](#)

[Window Fashion \(44080010\)](#)

Window fashions serve two important functions in your home: practical and aesthetic. You want your window coverings to be up-to-date, add ambiance, make a decorating statement, and at the same time filter light, create privacy and provide insulation. Learn from an expert in window fashion design how to narrow down the countless style, fabric and colour choices available in order to make the right window fashion choices for your home.

Starts: March 17, 2010

Get set for spring with these great classes:

[Close-Up Nature & Flower Photography \(46000017\)](#)

Extend your photographic skills to the world of close-up. Learn the technical and visual design skills to create a new and different world of images. Bring your camera and lenses to class. A small plant or dried/freshly cut flowers is required for the last three classes. You'll need a tripod to use in class and for homework.

Prerequisite: [Fundamentals of Digital Cameras \(46000003\)](#) or [A Practical Introduction to Digital SLR Photography \(46000004\)](#)

Starts: May 15, 2010

[View all Photography courses](#)

[Swing Into Golf Level 1: Indoor \(43160015\)](#)

If you're a beginner golfer, don't rely on a buddy to teach you the fundamentals of golf. Learning from a professional will ensure the information is as consistent as your swing is going to become. You'll learn the correct golf fundamentals, including grip, stance, posture, ball and tee position, alignment and basic swing mechanics.

Starts: March 10, 2010

[View all Fitness & Sports courses](#)

[Mexican Fiesta \(44010034\) NEW!](#)

Mexican cuisine can be much more interesting than the commercial products you've tried over the years. So take the challenge when you host your next dinner party and make it a Mexican fiesta to remember! Learn how to make popular taco dishes that are easy and family-friendly. Guacamole, potatoes and chorizo, picadillo (chili), rajas with cream and tinga de pollo (chicken in chipotle sauce) are Mexican dishes that are alive with flavour and a treat to the tastebuds—they will add spice to any table! Hands-on/demonstration course.

Starts: March 16, 2010
