### MAD SCIENCE

Week 1 • July 2-5

**\$299**

A week of mad science! Explore your wonders and experiment with scientific concepts. Read, write, sketch and journal about your discoveries and use math in real-world scenarios.

### NATURE NINJAS

Week 2 • July 8-12

**\$349**

Discover local plants, trees, insects, and animals as you use your ninja skills to explore natural areas. Go on adventure hikes and learn about the past. Create a project to share your discoveries.

### BOSS BUILDERS

Week 3 • July 15-19

**\$349**

Building things to last involves asking a lot of questions. What makes a strong structure? How can structures use gravity to move objects? How do structures use gears and pulleys? Learn from experts. Sketch, write plans, design and build with a team.

### COOL CREATORS

Week 4 • July 22-26

**\$349**

Develop a creator mindset. How many ways can you tell your stories? The sky is the limit! Express yourself through coding, art, songs, comics, tinkering, and creating videos. Share your projects during our showcase afternoon.
